STUDENT
SCHOLARSHIP INSTRUCTIONS

For those interested in applying for scholarships:

In order to qualify for a scholarship, you must first pay the entire amount of tuition due for the quarter and fill out the attached Scholarship Application, which is also available in the Office of Administration. Criteria for scholarships are based on the following: perfect attendance (for students enrolled in non-degree language certification courses) or high academic standing (for degree courses). The maximum award for a scholarship will be 10% of the current quarter's tuition, if approved, which can be disbursed either as credit for the next quarter's tuition or as a check.

For students interested in both the Life University scholarships and deferment of tuition, you must fill out the "Payment Plans for Deferred Tuition" form and submit it to the Office of Administration along with your scholarship application. There is a \$30 fee for every quarter that tuition is deferred, and the entire amount must be paid off within 45 days of the first payment. If you do not pay by the due date specified, a late fee of \$50 will be assessed per month until the balance is paid in full. Students who defer are not eligible to receive the scholarship disbursement by check and may only receive their scholarship through credit applied for the next quarter's tuition. Students who are graduating will have their scholarship automatically disbursed by check.
