PAYMENT PLANS DEFERRED TUITION FORM

Students who wish to apply for tuition deferment must complete this form in its entirety each quarter and submit it for financial clearance. The deferment must be completed quarterly and students may not have an outstanding balance prior to the start of classes. A non-refundable \$30 administrative fee is added to your account for each term for which a fee deferment is processed. Failure to pay by the due date will constitute loss of privilege of the tuition deferment. The entire amount of deferred tuition must be paid off no later than 45 days after first payment is issued.

I understand that the use of this deferment plan creates a financial obligation between Life University and myself, and that future registration will be restricted if a past due balance exists on my student account. I affirm that I will be responsible for the above-noted charges, including all attorneys' fees and other costs/charges necessary for the collection of my account. I understand that there will be no refunds issued to me as long as this deferment remains unpaid, and that in the event of default the debt will be the sole responsibility of the student until it is paid in full. If my account is not paid in full by the due date specified on the current quarter's bill, I will be assessed a late fee of \$50 per month until the balance is paid in full.
